Please DO NOT grant Pluris a rate increase.
I live in a 1450 sq house with a family of four.
Our average water bill is \$170.00 with normal usage. We can't/won't/Don't drink the water as it is not drinkable. We have to buy hundreds of gallons of water a year additionally for cooking, drinking, etc.
The water that comes from the tap destroys/corrodes all the fixtures/sinks/drains in the house. I have lived here for 10 years and had to replace my kitchen sink and fixtures twice since I've lived here. Please do not grant a rate increase for an inferior, <del>usable</del> unusable commodity. Clean, usable drinking water is a right, not a commodity for profit.
