Category : Power restoration time

Comments : I think FPL did an outstanding job restoring power for so many people as quickly as possible. Yes it was hot and businesses were closed for miles but that was expected Most of us are not complaining just grateful we survived and everything is back to normal as far as I can see. I haven't noticed any trees or debris sitting around anymore. You would never know we had a hurricane at this point so thank you for all the hard work around the clock until everyone was restored.
