**Subject:** Please don't allow Duke Energy the increase

I live on a small social security income and I have trouble paying my electric bill now. With everything going up how do people think someone can make it. My property taxes went up, I almost couldn't pay my bills in December I almost couldn't pay my bills. I live in Florida and being almost 69 I really need air condition come summer, I don't know what I will do. My property taxes almost doubled and with everything going up how is someone like me able to live? So please don't approve the increase.
