Re: Docket No. 20180007-EI – Environmental cost recovery clause  
**Staff's First Data Request – Mid Course Correction**

Dear Ms. :

By this letter, the Commission staff requests that Florida Power & Light Company provide responses to the following data requests.

1. Please explain why a mid-course correction is the appropriate mechanism for accounting for the SJRPP transaction?
2. Has FPL ever filed a mid-course correction in the ECRC docket?  
--If yes, when and what was the outcome of the petition?
3. Why does the closure of SJRPP result in lower environmental cost recovery factors for March 2018 –December 2018?
4. How and when did FPL notify its customers about the change in rate? Please provide a copy of any such notices.
5. Has a draft of the bill insert been prepared? If so, please provide a copy of the bill insert to staff.
6. Were customers notified about the change in the ECRC factor at the same time as the change in the fuel recovery factor?

Ms. Maria Moncada  
Florida Power & Light Company
