**Subject:** Rate increase sought by Duke Energy

To whom it may concern:

I live in Citrus County, Florida and just read about Duke Energy (my electric supplier) desire to get a surcharge on each bill of approximately \$5.00 per month for the next three years. I am writing you because they also received a corporate tax decrease from 35% to 21% from the President. I hope this surplus of funds from the tax DECREASE is taken into account along balancing out their request to have our rates increased. I know that you will insure the right thing is done.

Thank you for your consideration.

Very truly yours,

David L Rand, 283 W Doerr Path, Hernando, FL, 34442, (352)-513-5077
