

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : howard kunik

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33950

Category : Power restoration time

Comments : FPL did a commendable job in public information after Hurricane Irma in dissemination of restoration progress by area. They also mobilized crews to tackle the widespread outages in a sound manner. However, there lack of emphasis on undergrounding seems to linger on by transferring the bulk of the costs onto the consumer and not the utility as a whole.
