FINAL ORDER GRANTING APPROVAL TO ISSUE AND SELL SECURITIES

BY THE COMMISSION:

Chesapeake Utilities Corporation (Chesapeake or Company) filed an application on November 28, 2017, seeking authority to issue common stock, preferred stock and secured and/or unsecured debt, and to enter into agreements for interest rate swap products, equity products and other financial derivatives, and to exceed the limitation placed on short-term borrowings in 2018. Notice of Chesapeake's application was published in the Florida Administrative Register on December 28, 2017.

The Company seeks our approval, pursuant to Section 366.04, Florida Statutes, to issue up to 8,215,000 shares of Chesapeake common stock, up to 2,000,000 shares of Chesapeake preferred stock; up to \$550,000,000 in secured and/or unsecured debt; to enter into agreements up to \$200,000,000 in Interest Rate Swap Products, Equity Products and other Financial Derivatives; and to obtain authorization to exceed the limitation placed on short-term borrowings by Section 366.04, Florida Statutes, so as to issue short-term obligations in 2018, in an amount not to exceed \$275,000,000.

Chesapeake Utilities Corporation allocates funds to the Florida Division, Florida Public Utilities, and Indiantown Gas Company on an as-needed basis, although in no event shall such allocations exceed 75 percent of the proposed equity securities (common stock and preferred stock), long-term debt, short-term debt, interest rate swap products, equity products, and financial derivatives.

Chesapeake proposes to issue up to 465,000 new shares of its common stock during 2018 for the purpose of administering the Company's Retirement Savings Plan, Stock and Incentive Compensation Plan, and Dividend Reinvestment and Stock Purchase Plan, and for the conversion of the Company's Convertible Debentures. The share breakdown for each specific purpose is as follows:

<b>Number of Shares</b>	<b>Purpose</b>
105,000	Insurance pursuant to the Company's Retirement Savings Plan.
180,000	Issuance under the terms of the Company's Stock and Incentive Compensation Plan.
180,000	Issuance pursuant to the Company's Dividend Reinvestment and Stock Purchase Plan.

In addition, Chesapeake is requesting our authorization to issue up to 2,750,000 shares of Chesapeake stock or an equity-linked instrument equivalent in value in 2018 to permanently finance Chesapeake's ongoing capital expenditure program. Chesapeake seeks further approval to issue during 2018 up to an additional 5,000,000 shares of common stock. This additional stock would be used to finance Chesapeake's ongoing acquisition program. The capital expenditure program is subject to continuous review and modification and is funded from short-term borrowings and cash provided by operating activities. The Company may from time to time, permanently finance its short-term borrowings through the issuance of common stock or an equity-linked instrument, as opposed to long-term debt.

Chesapeake also requests our authorization to issue up to \$550,000,000 in new secured and/or unsecured debt during 2018 for general corporate purposes including, but not limited to, working capital, retirement of short-term debt, retirement of long-term debt, capital improvements and acquisitions. Chesapeake seeks our authorization to exceed the limitation placed on short-term borrowings by Section 366.04, Florida Statutes, so as to issue short-term obligations up to \$275,000,000 during 2018.

In this application, Chesapeake is also requesting authority to issue up to 2,000,000 shares of Chesapeake preferred stock in 2018, for possible acquisitions, financing transactions, and other general corporate purposes, including potential distribution under the Company's Shareholder Rights Agreement ("Rights Agreement") adopted by the Board of Directors on August 20, 1999, and subsequently, modified and extended by the Board of Directors on September 12, 2008. On September 12, 2008, the Board extended the expiration of the Rights from August 20, 2009 to August 20, 2019 and increased the Exercise Price per share from \$54.56 to \$105. Adjusted for the 3-for-2 stock split effected on September 8, 2014, the current Exercise Price is \$70 per share.

Chesapeake further seeks our approval to enter into financial agreements with institutions in 2018 to negotiate and execute financial derivatives enabling the Company to lock in its future financing costs and minimize its risk. A financial derivative is a risk-shifting agreement, the

value of which is derived from the value of an underlying asset. The underlying asset could be a physical commodity, an interest rate, a company's stock, a stock index, a currency, or virtually any other tradable instrument upon which two parties can agree. A financial derivative can be used for hedging, protecting against financial risk, or can be used to speculate on the movement of commodity or security prices, interest rates or the levels of financial indices. Financial derivatives fall into two categories. One consists of customized, privately negotiated derivatives, referred to as over-the counter (OTC) derivatives or swaps. The other category consists of standardized, exchangeable derivatives, known generically as futures. In addition, there are various types of products within each of the two categories.

In its application, the Company identified some of the financial derivatives that the Company may evaluate in 2018, although the listing is not intended to be all-inclusive. Rather, the company seeks approval to evaluate and employ those financial derivatives that would mitigate its financial risk associated with a particular financing transaction(s). Chesapeake is proposing to have the flexibility and authority to enter into the following (a) Treasury rate locks, credit spread locks, interest rate swaps, collars, caps and/or floors (the "Interest Rate Swap Products"); (b) equity collars, floors, prepaid forward contracts, covered calls, forward sales and purchases and/or equity-linked instruments (the "Equity Products"); or (c) any other Financial Derivatives that meet the objectives described above on such terms as Chesapeake considers to be appropriate, provided that the notional amount(s) for said Interest Rate Swap Products, Equity Products, and/or other Financial Derivatives do not, in the aggregate, exceed the sum of \$200,000,000.

After reviewing the application, we find that the issuance and sale of the aforementioned securities will not impair the ability of Chesapeake to perform the services of a public utility. These transactions are for lawful purposes within the Company's corporate powers. As such, the application is granted subject to the conditions stated herein.

Our approval of the proposed issuance of securities by Chesapeake does not indicate specific approval of any rates, terms, or conditions associated with the issuance. Such matters are properly reserved for review by this Commission within the context of a rate proceeding.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the application of Chesapeake Utilities Corporation to issue up to 8,215,000 shares of Chesapeake common stock, up to 2,000,000 shares of Chesapeake preferred stock, up to \$550,000,000 of secured and/or unsecured debt, and to enter into agreements up to \$200,000,000 for Interest Rate Swap Products, Equity Products and other Financial Derivatives during 2018, and to exceed the limitation on short term borrowings in 2018 in an amount not to exceed \$275,000,000 is approved. It is further

ORDERED that Chesapeake Utilities Corporation may allocate funds to the Florida Division, Florida Public Utilities, and Indiantown Gas Company on an as-needed basis, although in no event shall such allocations exceed 75 percent of the proposed equity securities (common

stock and preferred stock), long-term debt, short-term debt, interest rate swap products, equity products, and financial derivatives. It is further

ORDERED that Chesapeake Utilities Corporation shall file a consummation report in compliance with Rule 25-8.009, Florida Administrative Code, within 90 days of the end of the fiscal year in which it issues any securities authorized by this Order. It is further

ORDERED that this docket shall remain open until April 30, 2019, to monitor the issuance and/or sale of securities until Chesapeake Utilities Corporation submits, and Commission staff has reviewed, the consummation report, at which time it shall be closed administratively.

By ORDER of the Florida Public Service Commission this 18th day of January, 2018.
