DOCUMENT NO. 00996-2018
FPSC - COMMISSION CLERK

Docket No. 20170226-EQ – Petition for approval of renewable energy tariff and standard offer contract, by Florida Power & Light Company.

Issue 1: Should the Commission approve the amended renewable energy tariff and standard offer contract filed by Florida Power & Light Company?

Recommendation: Yes. The provisions of FPL’s revised renewable energy tariff and standard offer contract conform to the requirements of Rules 25-17.200 through 25-17.310, F.A.C. FPL does not have any avoidable fossil fueled generating units or avoidable power purchases in the upcoming 10-year planning period. However, FPL has identified its next avoidable unit rather than offer only energy payments in its standard offer contract. FPL’s revised standard offer contract provides flexibility in the arrangement for payments so that a developer of renewable generation may select the payment stream best suited to its financial needs. Staff recommends that FPL’s revised renewable energy tariff and standard offer contract be approved as filed.
