

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : John McCarey

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 34209

Category : Power restoration time

Comments : I have 45 solar panels on my roof. When your power grid went down, I was not allowed to use my solar power. I understand that it only works when the sun is up, however, the sun is up about 12+ hours a day. That power could have kept my food chilled. There should be a switch to separate my system from yours during your problem.
