Subject: RE: Code Denial by Numbering Administration-Dockets Nos. 2018-0033-TA, 2018-0034-TA and 2018-0035-TA

Sakina,

Per our conversation regarding Dockets Nos. 2018-0033-TA, 2018-0034-TA and 2018-0035-TA, when we filed our numbering request petitions, the specific number sequences requested are confidential since we have competitive concerns about disclosure of specific number sequence requests in advance of any award. At the point the Commission has determined to grant our petition and direct the issuance of the numbers requested, those competitive concerns no longer apply and the number sequences can be appropriately disclosed. We agree that the Commission can publish the number sequences requested in the Commission's order when the petition is granted. This will be true for all subsequent petitions for numbering requests.

Thanks for your help with this issue. If you have any questions, please don't hesitate to contact me.
