

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Esther Garvett

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33186

Category : Other

Comments : I am waiting to see how much effort will be put into creating a hurricane resistant or a hurricane proof power grid. This is the year 2018 and we are celebrating n the United States of America. We have incredible scientists and engineers who would love to create and design a grid that can stand up to our hurricanes and any other dangers that could adversely affect so much of our modern electronic lives.

Please do your best and let's make this happen!
