

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : M.S. Nicholson

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 34229

Category : Other

Comments : Could we please consider solar energy use more in Florida where I is a viable source (and a clean one) of energy especially in Florida with all the sunshine we get. Also, this will make less drilling for oil to ge needed which could possibly be off our coast. Even drilling for oil in Louisiana could drift down to Florida & affect our beaches, water, etc. as BP Horizon spill did.
