

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Cassandra Tomkins

Electric Utility Provider : EC903 - Clay Electric Cooperative, Inc.

Zip Code : 32068

Category : Power restoration time

Comments : I am a citizen that lives in Clay county and I would very much like for the utility companies to start harnessing solar energy and storing it for times when power outages occur.

We get so much sun here in Florida it just makes sense to use it to our advantage and make storms less of a nuisance to the community. Thanks for your time.
