DOCUMENT NO. 02000-2018
FPSC - COMMISSION CLERK

March 1, 2018

Docket No. 20180025-WS – Application for approval of tariff for the gross-up of CIAC in Charlotte, Highlands, Lake, Lee, Marion, Orange, Pasco, Pinellas, Polk, and Seminole Counties, by Utilities, Inc. of Florida.

Issue 1: Should UIF’s request for approval of a tariff to allow the gross-up of CIAC be approved?

Recommendation: Yes, the proposed tariff should be approved. The gross-up amounts should be collected subject to refund pending resolution of Docket No. 20180013-PU and guaranteed by a corporate undertaking. UIF should provide notice to property owners who have requested service during the 12 months prior to the month the request for gross-up of CIAC was filed. The approved gross-up charges should be effective for connections made on or after the stamped approval date on the tariff sheets. The utility should provide proof of noticing within 10 days of rendering its approved notice. In addition, UIF should be required to file with its Annual Report, a calculation detailing: (1) the amounts of cash and property contributions received during the reporting year; (2) the calculation of the utility’s tax liability for the reporting year; and (3) the amount of taxes actually collected on CIAC for the reporting year. The reporting requirement should begin with the 2018 Annual Report and continue each year thereafter.
