Subject: Re: Utilities, Inc. Florida additional rate adjustment Docket No. 160005WS

To Whom It May Concern:

My concern with the high water rates is that my water bill is now higher than my electric bill. Yet, I only occupy my house about 16 weeks a year. I do not water my lawn from May to December, and have my water softener turned off when I am not in the house. In addition, when the house is occupied, it is with two old people.

Respectfully Submitted,

I continue to be greatly concerned with the proposed rate increase. Please do not approve such a rate increase.
