RE: Docket No.: 20160220-WS; Application for original water and wastewater certificates in Sumter County by South Sumter Utility Company, LLC
Our File No.: 47206.01

Dear Ms. Stauffer:

South Sumter Utility Company, LLC's ("SSU") has revised its service availability charges to reflect separate main extension, and plant capacity charges based upon an allocation of two-thirds to the main extension charge and one-third to the plant capacity charge. Enclosed is a schedule reflecting those separate service availability charges. These charges were prepared in compliance with Rule 25-30.580, F.A.C., in that at design capacity the contributions-in-aid-of-construction will not be in excess of 75%, and will not be less than the percentage of facilities and plant represented by the distribution and collection systems. Also enclosed are the Tariff Sheets reflecting these revisions.

Should you or staff have any questions regarding this response, please do not hesitate to give me a call.

Very truly yours,

/s/ Martin S. Friedman
