FILED: April 9, 2018

**TAMPA ELECTRIC COMPANY'S MOTION
FOR A TEMPORARY PROTECTIVE ORDER**

In support of its Motion the company says:

1. On March 23, 2018 OPC served on Tampa Electric its First Set of Interrogatories (Nos. 1-39) and First Request to Produce Documents (Nos. 1-10). This Motion relates to OPC's Request for Production of Documents Nos. 6 and 7 which read as follows:

6. Contractors. For each storm identified in the Company's Amended Petition, please provide, by contractor, the supporting invoice (including all supporting detail provided by the vendor) for invoices over \$25,000.
7. Line Clearing. For each storm identified in the Company's Amended Petition, please provide by line clearing contractor the supporting invoices (including all supporting detail provided by the vendor) for invoices over \$25,000.

2. Tampa Electric possesses many documents responsive to the above PODs, that contain confidential proprietary business information entitled to protection against public disclosure pursuant to Section 366.093, Florida Statutes, in that they contain, among other things:

(d) information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. (Section 366.093(3)(d) and (e), Florida Statutes)

3. Public disclosure of the information in question would adversely affect the economic interests of Tampa Electric and its customers.

4. Rule 25-22.006, Florida Administrative Code, provides for protection of this type of information when a utility allows Public Counsel to inspect or take possession of such information in the course of discovery. Subsection (6)(c) of this rule states:

(c) When a utility or other person agrees to allow Public Counsel to inspect or take possession of utility information for the purpose of determining what information is to be used in a proceeding before the Commission, the utility may request a temporary protective order exempting the information from Section 119.07(1), F.S. If the information is to be used in a proceeding before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above. If the information is not to be used in a proceeding before the Commission, then Public Counsel shall return the information to the utility in accordance with the record retention requirements of the Department of State.

5. Tampa Electric requests a temporary protective order in order to allow OPC access to the information requested and at the same time protect the economic interests of Tampa

the utility in accordance with the record retention requirements of the Department of State.

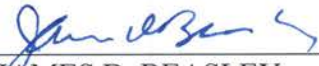

5. Tampa Electric requests a temporary protective order in order to allow OPC access to the information requested and at the same time protect the economic interests of Tampa Electric and its customers from the harm that would result from public disclosure of the above-referenced confidential information.

6. Tampa Electric is prepared to furnish OPC access to the requested information. The company maintains the information in question in a confidential form and has not disclosed it publicly.

WHEREFORE, Tampa Electric moves the Commission for entry of a temporary protective order allowing it to provide access to OPC to the information requested while maintaining the confidential nature of that information.

DATED this 9th day of April 2018.

Respectfully submitted,
