DOCKET NO. 20180001-EI
ORDER NO. PSC-2018-0195-CFO-EI
ISSUED: April 23, 2018

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST
FOR CONFIDENTIAL CLASSIFICATION AND MOTION FOR
PROTECTIVE ORDER (DOCUMENT NO. 02058-2018)

On March 2, 2018, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a request for Confidential Classification and Motion for Protective Order for portions of its responses to Commission staff's First Set of Interrogatories Nos. 6, 8, and 9 (Document No. 02058-2018).

Request for Confidential Classification

TECO contends that portions of the information contained in its responses to Commission staff's First Set of Interrogatories Nos. 6, 8, and 9 constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. TECO asserts that this information is intended to be and is treated by TECO as private and has not been publicly disclosed.

The information contained in TECO's responses to Commission staff's First Set of Interrogatories Nos. 6, 8, and 9 for which confidentiality is requested consists of coal bids for 2017, detention and demurrage charges for coal deliveries for 2017, and natural gas bids for 2017. TECO argues that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The natural gas and coal bids and detention and demurrage charges for coal deliveries, if disclosed, could be used by suppliers to negotiate more favorable terms for coal and natural gas to the detriment of TECO's ratepayers. Thus, the information identified in Document No. 02058-2018 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., confidential classification may only extend for up to 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period." We find that the information identified in Document No. 02058-2018 shall be granted confidential classification for a period of 18 months from the issuance of this Order.

Motion for Temporary Protective Order

TECO also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C. Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law. Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

Upon consideration of TECO's assertions of the confidential nature of the information contained in Document No. 02058-2018, TECO's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Tampa Electric Company's Request for Confidential Classification of Document No. 02058-2018, is granted, as set forth herein. It is further

ORDERED that Tampa Electric Company's Motion for Temporary Protective Order of the information in Document No. 02058-2018 is granted. It is further

ORDERED that the information in Document No. 02058-2018 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 23rd day of April, 2018.
