Hi Troy,

It wasn't clear to CLK, from the document that was filed (see attached), what exactly the document was. It appears to be a notice of intent of some sort, to you from staff, but is signed by you. Any comments made on the document description when filed on-line do not transfer to the document itself, and staff is unable to see the document until it is accepted by CLK. You may refile the document with a cover letter included in one pdf, advising that the document is a response to staff's audit report.

I hope you find that information helpful.

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and media upon request. Therefore, your e-mail communications may be subject to public disclosure.

Thanks.. but that's interesting since the Cover Memorandum to the Audit Report states:

"If the Utility desires to file a response to the audit report, it should send a response to the Office of Commission Clerk."

That is what is stated and that's what I've done in the past..

As long as staff gets it doesn't really matter to me..
