RE: Docket No. 20180061-EU – Petition for limited proceeding to recover incremental storm restoration costs, by Florida Public Utilities Company.

Dear Ms. Keating and Mr. Cassel:

By this letter, the Commission staff requests that Florida Public Utilities Company (FPUC) provide responses to the following data requests.

- 1) Please refer to pages 2 and 3, paragraphs 6 through 9, of the petition. FPUC provides details, i.e. dates, number of outages, what division was affected, for Hurricanes Matthew and Irma. Please provide this same information for Hurricane Hermine.
- 2) Please refer to page 4, paragraphs 11 and 12, of the petition. FPUC provides a breakdown of the costs related to Hurricanes Matthew and Irma. Please provide the same breakdown of costs related to Hurricane Hermine.
- 3) Please refer to page 4, paragraph 13, page 5, paragraph 14, and Attachment A, page 1. FPUC proposed to restore its storm reserve to \$1,500,000, which is the amount reflected in the 2017 Agreement. However, FPUC determined that neither agreement has an impact on this Petition. Please explain why FPUC is proposing to replenish its storm reserve to the amount in the 2017 Agreement and not the 2014 Agreement.
