NOTICE OF PROPOSED AGENCY ACTION
ORDER APPROVING TRANSPORTATION SERVICE AGREEMENT

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On January 12, 2018, Peninsula Pipeline Company, Inc. (Peninsula) filed a petition seeking approval of a firm transportation service agreement (Agreement) between Peninsula and the Florida Division of Chesapeake Corporation d/b/a Central Florida Gas (CFG), collectively the parties, for the construction of a gas pipeline and two custody transfer stations in Escambia County, Florida. Peninsula operates as a natural gas transmission company as defined by Section 368.103(4), Florida Statutes (F.S.).¹ CFG is a local distribution company (LDC) subject to the regulatory jurisdiction of this Commission pursuant to Chapter 366, F.S.

By Order No. PSC-07-1012-TRF-GP,² Peninsula received approval of an intrastate gas pipeline tariff that allows it to construct and operate intrastate pipeline facilities and to actively pursue agreements with natural gas customers. Peninsula provides transportation service only and does not engage in the sale of natural gas. Pursuant to Order No. PSC-07-1012-TRF-GP, Peninsula is allowed to enter into certain gas transmission agreements without prior Commission approval. However, Peninsula is requesting Commission approval of this Agreement as it does not fit any of the criteria enumerated in the tariff for which Commission approval would not be

² Order No. PSC-07-1012-TRF-GP, issued December 21, 2007, in Docket No. 070570-GP, In re: Petition for approval of natural gas transmission pipeline tariff by Peninsula Pipeline Company, Inc.

required.³ Both Peninsula and CFG are subsidiaries of Chesapeake Utility Corporation (Chesapeake), and agreements between affiliated companies must be approved by this Commission pursuant to Section 368.105, F.S., and Order No. PSC-07-1012-TRF-GP.

Pursuant to the proposed Agreement (Attachment B), Peninsula will construct and operate a natural gas pipeline and two custody transfer stations in Escambia County. During its evaluation of the petition, two data requests were issued to both Peninsula and CFG for which responses were received on February 26, 2018 and March 5, 2018. On March 29, 2018, Chesapeake filed revised Tariff Sheet Nos. 3 and 5 to reflect the addition of Escambia County to the description of territory served. This Commission has jurisdiction over this matter pursuant to Sections 366.05(1), 366.06, and 368.105, F.S.

DECISION

This petition is a jointly developed plan by the parties for the expansion of natural gas service in Escambia County. The parties stated in the petition that Escambia County has limited economic development and that the expansion of natural gas service will add growth and expansion in the Pensacola area market.

Pursuant to the proposed Agreement, Peninsula will construct an interconnection between Peninsula and Florida Gas Transmission's (FGT) interstate pipeline at the northernmost edge of Escambia County. From that interconnection, Peninsula will construct a 33-mile, 12 inch steel pipeline southward to Old Chemstrand Road. From there, Peninsula will extend a 10 inch pipeline east for five miles. The Peninsula pipeline will terminate at two custody transfer stations to interconnect with CFG's distribution system. Construction of the Peninsula pipeline and CFG's distribution system is expected to be complete by the third quarter of 2018. A map of the FGT interconnection, the Peninsula pipeline, and the two customer transfer stations is shown in Attachment A. Once the Peninsula pipeline is in operation, Peninsula will provide transportation service to CFG.

No LDC currently provides natural gas service in Escambia County. Pensacola Energy, a municipal natural gas utility, provides natural gas service to the City of Pensacola and in certain other discrete areas in Escambia County. Pensacola Energy currently transports natural gas to serve its customers over the Gulf South interstate pipeline. CFG stated in the petition that its newly constructed distribution system will provide transportation service to an industrial customer and Pensacola Energy. CFG further explained that the expansion plans in Escambia County will provide CFG the opportunity to serve additional customers. Interconnecting with the Peninsula pipeline via CFG will provide Pensacola Energy with an additional supply source.

CFG is proposing to recover the payments to Peninsula from its customers under the proposed Agreement through its Purchased Gas Adjustment (PGA) and Swing Service Rider⁴ mechanisms consistent with other gas transmission pipeline costs incurred by CFG. CFG provided information showing that the impact on the PGA will be minor (\$0.04693 per therm for

³ Peninsula Pipeline Company, Inc., Intrastate Pipeline Tariff, Original Vol. 1, Sheet No. 12, Section 4.

⁴ Order No. PSC-2017-0467-CO-GU, issued December 12, 2017, in Docket No. 170191-GU, In re: Joint petition for approval of revised swing service rider rates for the period January through December 2018, by Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade and Florida Division of Chesapeake Utilities Corporation.

2019). While CFG will incur costs associated with this service expansion, any new load will help spread the costs over a larger customer base.

The parties assert that the negotiated monthly reservation charge contained in the Agreement is consistent with a market rate since they are within the ranges of rates set forth in similar agreements as required by Section 368.105(3)(b), F.S. CFG did not obtain a Request for Proposals (RFP) from other entities to construct the pipeline. Peninsula, however, engaged in a conversation with FGT about building the pipeline. FGT declined to bid the construction of the project because owning and operating laterals such as the one proposed in this petition are not a focus of their expansion activities.

The proposed Agreement between CFG and Peninsula will be in effect for an initial period of 30 years and will be extended for additional 10-year increments, unless either party gives written notice of termination. The benefit of Peninsula, as opposed to CFG, constructing the new pipeline, is primarily that Peninsula's construction and ownership of the pipeline will avoid CFG undertaking the costs and risks for this project, which in turn protects CFG's ratepayers.

CFG currently does not provide natural gas service in Escambia County. Therefore, on March 29, 2018, CFG filed revised Tariff Sheet Nos. 3 and 5 to reflect the addition of Escambia County to the description of territory served section of its tariff. CFG has also requested that Commission staff be given authority to administratively approve these tariffs consistent with our decision.

Upon review of the petition and responses to the data requests, we find that the proposed Agreement is cost effective, reasonable, meets the requirements of Section 368.105, F.S., and benefits CFG's customers. For these reasons we hereby approve the proposed Agreement between Peninsula and CFG dated January 8, 2018.

Based on the foregoing, it is

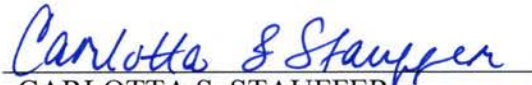

ORDERED by the Florida Public Service Commission that Peninsula Pipeline Company's request to approve a firm transportation service agreement dated January 8, 2018, between Peninsula and the Florida Division of Chesapeake Corporation, d/b/a Central Florida Gas, for the construction of a gas pipeline and two custody transfer stations in Escambia County, Florida is hereby approved. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, F.A.C., is received by the Office of the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. It is further

ORDERED that, if a protest is filed within 21 days of the issuance of the order, this docket shall remain open pending resolution of the protest. If no protest is timely filed, Commission staff is authorized to administratively approve Tariff Sheet Nos. 3 and 5 to reflect

the addition of Escambia County to the description of territory served consistent with our decision and this docket shall be closed upon the issuance of a Consummating Order.

9.7 Attorneys' Fees and Costs. ordinances and regulations. Company and/or Shipper will furnish any information or execute any documents required by any duly constituted federal or state regulatory authority in connection with the performance of this Agreement. Each party shall proceed with diligence to file any necessary applications with any governmental authorities for any authorizations necessary to carry out its obligations under this Agreement. In the event this Agreement or any provisions herein shall be found contrary to or in conflict with any applicable law, order, directive, rule or regulation, the latter shall be deemed to control, but nothing in this Agreement shall prevent either party from contesting the validity of any such law, order, directive, rule, or regulation, nor shall anything in this Agreement be construed to require either party to waive its respective rights to assert the lack of jurisdiction of any governmental agency other than the Commission, over this Agreement or any part thereof. In the event of such contestation, and unless otherwise prohibited from doing so under this Section 9.10, Company shall continue to transport and Shipper shall continue to take Gas pursuant to the terms of this Agreement. In the event any law, order, directive, rule, or regulation shall prevent either party from performing hereunder, then neither party shall have any obligation to the other during the period that performance under the Agreement is precluded. If, however, any Governmental Authority's modification to this Agreement or any other order issued, action taken, interpretation rendered, or rule implemented, will have a material adverse effect on the rights and obligations of the parties, including, but not limited to, the relative economic position of, and risks to, the parties as reflected in this Agreement, then the parties shall use reasonable efforts to agree upon replacement terms that are consistent with the relevant order or directive, and that maintain the relative economic position of, and risks to, the parties as reflected in this Agreement as of the date first set forth above. As used herein, "Governmental Authority" shall mean any United States federal, state, local, municipal or other government; any governmental, regulatory or administrative agency, court, commission or other authority lawfully exercising or entitled to exercise any administrative, executive judicial, legislative, police, regulatory or taxing authority or power; and any court or governmental tribunal.

(i) If any Governmental Authority asserting jurisdiction over the pipeline facility contemplated in this agreement, issues an order, ruling, decision or regulation (including denial of necessary permits or amendments to existing permits) related to the operation, maintenance, or safety and integrity compliance, including any new or revised enforceable regulatory classification of the pipeline facility, as applicable, which is not reasonably foreseeable as of the Execution Date and which results in a materially adverse effect on either Party's rights and benefits under this Agreement, each Party shall use commercially reasonable efforts and shall cooperate with the other Party to pursue all necessary permits, approvals and authorizations, if any, of such applicable Governmental Authority, and to amend the terms and conditions of this Agreement, in each case as may be reasonably required in order that provision of transportation service under this Agreement shall continue; provided that neither Party shall be required to take any action pursuant to this Section which is reasonably

likely to have a materially adverse effect on such Party's rights and benefits under this Agreement.

(ii) In the event of the issuance of any enforceable and unappealable compliance obligations related to operation, maintenance, or safety and integrity compliance of the pipeline facility, which are not reasonably foreseeable as of the Execution Date, has a substantial and materially adverse impact on the Company, and such economic impact cannot be substantially mitigated by the Company, Company and Shipper shall meet and negotiate in good faith to determine if appropriate alterations to this Agreement or other arrangements can be agreed to that will address the operational or economic issues caused by such limits or obligations.

(iii) If the Parties are unable or unwilling to reach agreement pursuant to this Section 9.10, Company shall have the right to terminate this Agreement, without any further obligations to Shipper, upon one hundred twenty (120) days prior written notice to Shipper.

9.11 Applicable Law and Venue. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of Florida. The venue for any action, at law or in equity, commenced by either party against the other and arising out of or in connection with this Agreement shall be in a court of the State of Florida having jurisdiction.

9.12 Counterparts. This Agreement may be executed in counterparts, all of which taken together shall constitute one and the same instrument and each of which shall be deemed an original instrument as against any party who has signed it.
