

May 16, 2018

Ms. Carlotta S. Stauffer
Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Dear Ms. Stauffer,

On March 25, 2002, the Florida Public Service Commission (“PSC”) issued Order No. PSC-02-10405-FOF-TL in Docket No. 010743-TL specifying an all-services overlay as the relief method for the 407/321 area code. The 689 area code was assigned by NANPA with a scheduled implementation date of July 15, 2002. The 407/321 area code serves Orange, Osceola, Seminole and parts of Lake and Volusia Counties in Central Florida. The portion of the 321 area code serving Brevard County was to remain unchanged.

On May 31, 2002, the PSC, in Order No. PSC-02-0743-FOF-TL, indefinitely suspended the implementation of the 689 area code. The PSC directed the telecommunications industry, represented by NANPA, to provide notice when there is an estimated one-year supply of assignable central office codes (NXX codes) available.

This letter is to notify the PSC that the current quantity of 407 NXX codes is only sufficient to meet demand for the next 12 months. As of May 14, 2018, there were 19 codes available for assignment in the 407 area code. Therefore, the NANPA requests, on behalf of the industry, that the PSC lift the suspension on the implementation of the 689 overlay so that NANPA may begin the process of putting the 689 area code in place prior to the exhaust of the 407 NXX codes. Once the PSC notifies NANPA of a lifting of the May 2002 suspension, the NANPA will hold an industry meeting to initiate the implementation process.

If you have any questions, please feel free to contact me at 571-434-5770 (john.manning@team.neustar) or Heidi Wayman at 571-434-5765 (heidi.wayman@team.neustar).

Sincerely,

John Manning
Sr. Director – NANPA
