Subject: FW: 2009 Baldor 1250kW Trailer Mounted Generator #87572 / George,

The Tier rating might be important for your contact, but if not or if not right now this might be an option.

They can apply a filter upgrade at a later date as well to improve emissions.

This is one that came back with a reasonable price for an "all-in" solution

Transport is about \$5 – 10k depending on carrier or transport strategy and speed
