Greg,

Here's another price for you on a brand new Magnum genset. Please let me know if this is of interest. Great price, but long lead time.

Magnum MDG75 Mobile Generator Set (Factory New)
Lead Time: 12 weeks
Price: \$47,500
See attached for additional specs.

Please let me know how you would like to proceed.

Thanks,

Rob Hansen

Greg,

The warranty will initiate upon successful startup by a factory trained technician (this service is now included in our scope). That would occur any time after the installation scope is complete. I would recommend installing the 2 x 600 amp breakers prior to startup, that way the startup technician will verify the breakers have been installed correctly prior to starting the unit for the first time. Please let me know if you need anything else.

That language seems agreeable to me but I'll pass it along to make sure the attorneys approve. One more question, when will the manufacturer warranty period begin?

Sent from my iPhone

On Jan 16, 2018, at 6:57 PM, Rob Hansen <rob.hansen@globalpwr.com> wrote:

Hello Greg,

Here's the revised quote reflecting the changes you and I discussed:

- 1) Onsite startup has been added, along with an O&M training session.
- 2) The following language has been added to the notes section in regards to KWRU's intention to replace the current circuit breaker:
It is our understanding that KWRU intends to replace the current 1200 amp genset circuit breaker with a pair of new 600 amp breakers. Assuming this work is conducted in a professional manner by a licensed electrician in accordance with relevant NEC codes, the MTU Warranty will not be impacted on all factory supplied components. The new breakers will not be covered under the MTU Warranty since they are not factory supplied or installed.

Please let me know if we're good to go.

Thanks,

Rob Hansen

Mobile Diesel Generators

GENERAC
MAGNUM

KWRU 017544

MDG75DF4 / MDG100DF4

FINAL TIER 4 MOBILE DIESEL GENERATORS

Designed to provide safe and reliable prime power, the MDG75DF4 and MDG100DF4 include a wide variety of customer-inspired features for ease-of-use and maintenance.

FEATURES & BENEFITS

- **Powerful & Reliable** Robust Final Tier 4 John Deere engines provide reliable power that won't quit – even in the harshest of environments. Optional cold weather packages allow for operation in extreme cold conditions, while optional SUPERSTART alternators provide maximum motor starting power. Parallel options provide a scalable power solution with ultimate versatility.
- **Easy to Use** Our exclusive Power Zone Controller puts complete monitoring and control at your fingertips. The intuitive interface allows for effortless operation. Easy-to-read color LCD status screens display everything you need to know to optimize power delivery.
- **Easy to Maintain** Final Tier 4 diesel engines require more maintenance than previous tiers, but we've taken much of the hassle out of maintenance by eliminating the use of a diesel particulate filter (DPF). Additionally, other maintenance items such as oil and air filters are easy to access to minimize maintenance time and get your generator back in operation.
- **Safe** Standard safety features include e-stop, safety switch for lug door, safety switch for phase switch, fan guards and exhaust blankets. Optional safety features include 120% containment of fluids, leak detection, interior and control panel lighting.

Engine Make	John Deere	John Deere
EPA Tier	Final Tier 4	Final Tier 4
Fuel Consumption at Prime 100%: gph (Lph)	4.85 (22.72)	6.01 (22.72)
Fuel Consumption at Prime 75%: gph (Lph)	3.74 (17.07)	4.51 (17.07)
Fuel Consumption at Prime 50%: gph (Lph)	2.69 (12.02)	3.17 (12.02)
DEF Consumption at Prime 100%: gph (Lph)	0.21 (0.98)	0.26 (0.98)
DEF Consumption at Prime 75%: gph (Lph)	0.16 (0.73)	0.19 (0.73)
DEF Consumption at Prime 50%: gph (Lph)	0.12 (0.52)	0.14 (0.52)
Battery (12V) Type	31	31
Battery (12V) Rating: Amp-hours	1,000	1,000
Generator	361CSL1602	362CSL1606
Capacities	USA (METRIC)	
Fuel Tank: gal (L)	165 (641.85)	165 (641.85)
Fuel Tank (usable): gal (L)	146 (567.94)	146 (567.94)
DEF Tank: gal (L)	11.6 (44.3)	11.6 (44.3)
DEF Tank (usable): gal (L)	9 (34.4)	9 (34.4)
Coolant (including engine): gal (L)	16.7 (64.96)	16.7 (64.96)
Oil (including filter): gal (L)	3.92 (15)	3.92 (15)
Max Run Time (full load): hrs.	27	33.40

	MDG75DF4	MDG100DF4
Output		
1 Phase - Standby (kW/kVA)	60 / 60	85 / 85
Amps (240V)	250	354.17
1 Phase - Prime (kW/kVA)	55 / 55	77 / 77
Amps (240V)	229.17	320.83
3 Phase - Standby (kW/kVA)	68 / 85	85 / 106.25
Amps (480/208V)	102.36 / 236.22	127.95 / 295.27
3 Phase - Prime (kW/kVA)	60 / 75	80 / 100
Amps (480/208V)	90.32 / 215.37	120.42 / 267.48
Frequency Hz	60	60
AC Distribution		
Main Breaker Amps	300	400
Trailer	USA (METRIC)	
Hitch - Standard: in (mm)	3 (76.2)	3 (76.2)
Max Tire: PSI (kPA)	125 (862)	125 (862)
Weights & Dimensions	USA (METRIC)	
Skid Mounted		
Dry Weight: lb (kg)	3,730 (1,692)	3,980 (1,805)
Operating Weight: lb (kg)	4,900 (2,222)	4,940 (2,240)
Dimensions: in (m)	119 x 40 x 62 (3.02 x 1.02 x 1.57)	
Trailer Mounted		
Dry Weight: lb (kg)	4,440 (2,014)	4,680 (2,122)
Operating Weight: lb (kg)	5,610 (2,544)	5,640 (2,558)
Dimensions: in (m)	170 x 69 x 80 (4.32 x 1.75 x 2.03)
