Subject: KWRU new 50m data & voice circuit

Hi Chris

See below your current cost before voice services are added compared to your new cost. I will send the contract via email which has to be signed electronically like before. Understand that the current 50M circuit will be placed with anew 50M fiber circuit capable of carrying your voice. This solution will require you purchase or lease a phone system. It will not work with the phone system you have in place today.

CURRENT VS PROPOSED with 6 voice CHANNELS before taxes & fees.
\$799.00 \$899.00

Thanks, Angela Coffey
