Angela,

Can we go ahead and sign the paperwork for 1 POTS line. The phone number for this line is (305) 296-4438. The Utility decided that only one copper line is required.

Hi Chris-

The PRI Handoff on Angela's dial tone will allow for the iphone integration on the phone system that we spoke about. Any questions, etc. don't hesitate.

Thanks!

Hello Team

Please remember before I can send you the new 20m contract I will need to know what type of voice handoff ,PRI,SIP Or our analog Bib. The decision will be based on what type of phone system you decide on. I want to make sure it is correct this time around. Feel free to reach out to My PBX specialist who sent you the proposal. He can suggest best design depending on your needs and requirements. My director will be back on Monday so get that email to me asap explaining the situation and the new direction you are requesting.

Thanks, Angela Coffey
