To All,

<https://expressticketing.acss.att.com/expressticketing/etstatus/index.html>

Ticket number is OU042224

ATT says that the ticket is RESTORED
Then it says that the problem is suspected in the customer equipment.

But we do not have anything connected. I am contesting the closure. Here is the reason:

Contesting closure as we do not have any customer equipment hooked up to the circuit.
