COMPLAINT INFORMATION

Complaint: Other Complaint against Florida City Gas

Details:

To whom it may concern,

Is there no one in the florida establishment that protects consumers? Someone help me understand why Florida City Gas was granted their rate increase? Depending on the residential rate class florida city gas was granted a 50% or better increase. The public service commission is suppose to protect us from this. It would appear the commission is on their payroll. What gives? This is unheard of.
