**Subject:** RE: North Charlotte

Still no word from the landowner. We are working with other developers in the area that are planning to build other developments nearby. We are also working with the County on this project to obtain bulk water. In addition, these developers would also be required to pay for a new wastewater treatment plant.

If either of these projects move forward, we would analyze alternatives to connect the existing customers, thereby making the existing plants unnecessary. Until other developments are begun and/or finalized, the utility must still utilize the existing plants.

Thanks.

**Subject:** North Charlotte

Good Afternoon Troy

I wanted to check on the status of North Charlotte. When we last spoke there was consideration of alternative ways to approach the transfer.

Best Regards,

*Robert Graves*
