Issue 2: Should the Commission approve DEF's proposed tariffs and associated charges needed to implement the two phases of the Citrus Combined Cycle Project?

Recommendation: Yes. The Commission should give staff administrative authority to approve tariffs and associated charges that implement the Commission vote on Issue 1 regarding the Citrus Combined Cycle Project which will be placed in service in two phases. The tariffs and associated charges for Phase 1 should go into effect with the first billing cycle in October 2018, and the tariffs and associated charges for Phase 2 of the Citrus Combined Cycle Project should go into effect with the first billing cycle in December 2018. If the commercial in-service date of Phase 1 of the project is delayed, the tariff should become effective with the first billing cycle after Phase 1 is completed and placed in commercial service. If Phase 2 is delayed, the tariff should become effective with the first billing cycle after Phase 2 is completed and placed in commercial service. If the Commission order is protested, DEF should implement the rates subject to refund pending the results of any subsequent hearing.

APPROVED

Issue 3: Should this docket be closed?

Recommendation: Yes. If Issues 1 and 2 are approved and no timely protest is filed, this docket should be closed upon the issuance of a consummating order. If a protest is filed within 21 days of the issuance of the order, the tariff should remain in effect, with any revenues held subject to refund, pending resolution of the protest.
