In re: Petition for limited proceeding to
Approve first solar base rate adjustment
(SoBRA), by Duke Energy Florida, LLC.

DOCKET NO.: 20180149
FILED: August 8, 2018

**FLORIDA INDUSTRIAL POWER USERS GROUP'S
PETITION TO INTERVENE**

Pursuant to sections 120.569, 120.57, Florida Statutes, and rules 25-22.039, 28-106.201 and 28-106.205, Florida Administrative Code, the Florida Industrial Power Users Group (FIPUG), through its undersigned counsel, files its Petition to Intervene. In support thereof, FIPUG states the following:

1. Name and address of agency. The affected agency is the Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850.

4. Notice of docket. Petitioner received notice of this docket by review of the Commission's website.

5. Statement of Substantial Interests. FIPUG is an ad hoc association consisting of industrial users of electricity in Florida. The cost of electricity constitutes a significant portion of FIPUG members' overall costs of production. FIPUG members require adequate, reasonably-priced electricity in order to compete in their respective markets.

6. In this case, the Commission will consider Duke Energy Florida, LLC's ("Duke") request to recover rates for certain solar power facilities. These rates, if approved, will be recovered from Duke's customers, including FIPUG members.

7. FIPUG's interests are of the type that this proceeding is designed to protect. *See, Agrico Chemical Company v. Department of Environmental Regulation*, 406 So.2d 478 (Fla. 2nd DCA 1981). The purpose of the proceeding is to evaluate Duke's request to recover rates for certain solar power facilities. Thus, the purpose of the proceeding coincides with FIPUG's substantial interests, which is to ensure that the rates its members who receive electrical service from Duke are charged fair, just and reasonable rates for power that is needed and cost-effective.

8. Disputed Issues of Material Fact. Disputed issues of material fact include, but are not limited to, the following:

- a. Are the costs for which Duke seeks recovery from customers reasonable?
- b. Are the solar facilities for which Duke seeks Commission approval to increase rates cost effective and needed?

FIPUG reserves all rights to raise additional issues in accordance with the Commission's rules and the Order Establishing Procedure in this case.

9. Disputed Legal Issues. Disputed legal issues include, but are not limited to, the following:

a. Has Duke met its burden of proof in this matter?

10. Statement of Ultimate Facts Alleged. Ultimate facts include, but are not limited to, the following:

a. Are the rates sought by Duke for select solar power projects reasonable?

11. Rules and statutes justifying relief. The rules and statutes that entitle FIPUG to intervene and participate in this case include, but are not limited to:

a. Section 120.569, Florida Statutes;

b. Section 120.57, Florida Statutes;

c. Section 366.04(1), Florida Statutes;

d. Section 366.06, Florida Statutes;

e. Rule 25-22.039, Florida Administrative Code;

f. Rule 28-106.201, Florida Administrative Code;

g. Rule 28-106.205, Florida Administrative Code.

12. Relief. FIPUG requests that it be permitted to intervene as a full party in this docket.

13. Position of Duke. The undersigned is authorized to represent that Duke does not oppose FIPUG's Petition to Intervene.

WHEREFORE, FIPUG requests that the Commission enter an order allowing it to intervene and participate as a full party in this docket.
