Subject: The sale of electricity between FPL and the city of Vero Beach

Dear Commissioner Graham:

I own two properties in the county of Indian River County and I have been paying higher utility rates as a customer of the City of Vero Beach electricity for the past eight years. I realize that I am just a very small example of the thousands of other customers who are dealing with this extremely frustrating and unnecessary delay in the sale between the City and FPL. I implore you and respectfully urge you to allow the sale to go through without any more delays. We rate payers have paid enough over the last ten years and we need to be heard and our voices need to matter!

May I hear from you?

Thank you. Sincerely,

Judith Shottes
