Re: Docket No. 20150083-EG (Duke Energy Florida, Inc.) - Revisions to Program Standards – Better Business Program

Dear Mr. Bernier:

On August 20, 2015, the Commission issued Order No. PSC-15-0332-PAA-EG in Docket No. 20150083-EG, approving the Demand Side Management (DSM) Plan for Duke Energy Florida (DEF) and granting staff administrative authority to approve program standards. DEF filed program participation standards on October 16, 2015, which were administratively approved on October 29, 2015.

On July 18, 2018, DEF filed a letter requesting approval of modifications to its Better Business Program standards. Staff subsequently requested additional information from DEF and on August 2, 2018, DEF submitted additional modifications to its Better Business Program standards. On August 3, 2018, DEF filed a revised version of the modifications to correct a typographical error. The Commission staff has reviewed the requested modifications dated August 3, 2018, and has determined them to be consistent with the DSM Plan approved by the Commission in Order No. PSC-15-0332-PAA-EG. It is my understanding that the retail customer will continue to receive the authorized rebate either directly or through a discount from the participating contractor. Staff requests that DEF notify the Commission prior to any additional changes being made to the program standards as filed.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Ballinger".

Tom Ballinger, Director
Division of Engineering
