

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint Petition of Peace River Electric Cooperative and Duke Energy Florida, LLC for approval of a Territorial Agreement in Hardee, Highlands, Polk and Osceola Counties.

Submitted for filing:

Docket No. _____

August 31, 2018

JOINT PETITION TO APPROVE TERRITORIAL AGREEMENT

Peace River Electric Cooperative (“PRECO”) and Duke Energy Florida, LLC (“DEF”) (collectively, the “Joint Petitioners”), pursuant to Section 366.04(2)(d), Fla. Stat., and Rule 25-6.0440, F.A.C., jointly petition the Florida Public Service Commission (“the Commission”) for approval of an amended territorial agreement (the “Agreement”) in Hardee, Highlands, Polk and Osceola Counties.

In support hereof, the Joint Petitioners represent as follows:

1. The Joint Petitioners are electric utilities as defined in Section 366.02(2), F.S., organized under the laws of Florida, and are subject to the regulatory jurisdiction of the Commission pursuant to Section 366.04(2), F.S.

2. PRECO's principal offices are located in Wauchula, Florida. DEF's principal offices are located in St. Petersburg, Florida.

3. For purposes of this Joint Petition, the contact information of the Joint Petitioners shall be that of their respective undersigned attorneys, and all pleadings, notices, and other communications in this matter should be served on the Joint Petitioners' undersigned attorneys.

4. To best avoid uneconomic duplication of facilities and wasteful expenditures, as well as to best protect the public health and safety from potentially hazardous conditions, the Joint Petitioners have negotiated the proposed Agreement delineating their respective service boundaries in Hardee, Highlands, Polk and Osceola Counties. The Agreement is attached hereto as Attachment 2 along with accompanying maps and written descriptions delineating the territorial boundaries to which the Joint Petitioners have agreed. The modified territorial boundaries are depicted in the Territorial Boundary maps attached in Composite Exhibit A and a written description of the territorial boundaries are included in Exhibit B as required by Rule 25-6.0440(1)(a), F.A.C. This proposed Agreement has been negotiated for an initial term of 30 years, and may automatically be extended for succeeding periods of five years except that this Agreement may be terminated by either Party after expiration of the 30 year term period or succeeding five year period upon one year's written notice to the other Party.

5. The Joint Petitioners expect that all transfers of Extra-Territorial Customers will be completed within 36 months of the Effective Date of the Agreement and will notify the Commission in writing if circumstances require additional time.

6. In this Agreement, 2,858 customers are being transferred from DEF to PRECO (409 commercial, 6 industrial and 2,443 residential) and 28 customers are being transferred from PRECO to DEF (2 commercial and 26 residential).

7. Prior to the filing of this Joint Petition, in accordance with Rule 25-6.0440(1)(d), F.A.C., the affected customers subject to transfer were sent written notification of this proposed Agreement. Sample copies of the letters providing such notification are attached as Exhibit F. As of the time of filing, DEF received 61 responses to the notification letters. PRECO received two responses to the notification letters. Additionally, PRECO and DEF held a public Open House meeting on August 14th from 3-7pm in Wauchula for all customers affected by the proposed transfers. There were 32 customers in attendance at this Open House. Summaries of the responses are provided in Attachment 1 hereto.

8. The Commission has long recognized that properly structured territorial agreements between adjacent utilities are in the public interest. The Agreement will avoid uneconomic duplication of facilities and wasteful expenditures, as well as protect the public health and safety from potentially hazardous conditions. Therefore, the Joint Petitioners respectfully represent that the Commission's approval of the Agreement is in the public interest.

9. The Agreement will be effective the date on which the Commission's final order approving the Agreement in its entirety becomes no longer subject to judicial review.

WHEREFORE, PRECO and DEF respectfully request that the Commission grant this Joint Petition and enter an order approving the Agreement in its entirety.

Respectfully submitted,

Dianne M. Triplett

Amended Territorial Agreement

Peace River Electric Cooperative
and
Duke Energy Florida, LLC.

Territorial Agreement Between
Duke Energy Florida, LLC
And
Peace River Electric Cooperative, Inc.
Polk, Hardee, Highlands, and Osceola Counties

AGREEMENT

Section 0.1: Duke Energy Florida, LLC d/b/a Duke Energy (DEF) and Peace River Electric Cooperative, Inc. (PRECO) (collectively, the “Parties” and individually, a “Party”) enter into this Territorial Agreement (the “Agreement”) on this 31st day of August, 2018.

WITNESSETH:

Section 0.2: WHEREAS, PRECO, by virtue of Chapter 425, Florida Statutes, and the Charter issued to it thereunder, is authorized and empowered to furnish electricity and power to its members, governmental agencies and political subdivisions, and to other persons, as defined by the laws of Florida, and pursuant to such authority, presently, furnishes electricity and power to members and customers in areas of Polk, Hardee, Highlands, and Osceola counties¹; and

Section 0.3: WHEREAS, DEF, by virtue of Chapter 425, Florida Statutes, is authorized and empowered to furnish electricity to customers throughout the State of Florida, and pursuant to such authority, presently, furnishes electric service to customers in areas of Polk, Hardee, Highlands, and Osceola counties; and

Section 0.4: WHEREAS, PRECO and DEF are Parties to a currently effective territorial agreement approved by the Florida Public Service Commission (the “Commission”) in Order No. PSC-94-1522-FOF-EU, issued December 12, 1994 and in Order PSC-2006-0742-CO-EU, issued September 1, 2006, in Docket No. 20060277-EU (the “Existing Agreement”), which delineates the Parties’ respective service territories in Polk, Hardee, Highlands and Osceola counties; and

Section 0.5: WHEREAS, the Existing Agreement has a term of twenty five years through December 12, 2019, and provides for automatic renewal for another twenty five year period with prerequisite approval by the Commission.

¹ PRECO presently furnishes retail electric service in Manatee and DeSoto counties, however, those territorial areas are not contiguous to any DEF territorial areas and therefore are not part of this agreement.

Section 0.6: WHEREAS, the Parties desire to amend and restate the Existing Agreement in its entirety through this amended Agreement to gain further operational efficiencies and customer service improvements in their respective retail service areas, while continuing to eliminate circumstances giving rise to uneconomic duplication of service facilities; and;

Section 0.7: WHEREAS, the respective areas of service of the Parties are contiguous in many places, and the Parties seek to minimize costs to their respective rate payers by avoiding duplication of generation, transmission and distribution facilities; and

Section 0.8: WHEREAS, the Commission has previously recognized that any such duplication of facilities results in needless and wasteful expenditures and may create hazardous conditions, both being detrimental to the public interest; and

Section 0.9: WHEREAS, the Parties desire to continue to avoid and eliminate the circumstances giving rise to potential duplications of facilities and hazardous conditions, and in furtherance of such desire have established Territorial Boundary Lines to delineate their respective retail Territorial Areas, subject to the approval of the Commission; and

Section 0.10: WHEREAS, the Commission is empowered by Section 366.04(2)(d), Florida Statutes, to approve territorial agreements and resolve territorial disputes between rural electric cooperatives and other electric utilities under its jurisdiction, has often recognized the wisdom of such territorial agreements, and held such agreements, when properly presented to the Commission are advisable in proper circumstances, and, indeed, in the public interest;

Section 0.11: NOW, THEREFORE, in consideration of the premises of aforesaid and the mutual covenants and agreements herein set forth, the Parties hereby agree as follows:

ARTICLE I **DEFINITIONS**

Section 1.1: Territorial Boundary Line(s). As used herein, the term “Territorial Boundary Line(s)” shall mean the boundary lines which circumscribe the geographic areas

shown on the maps attached hereto as **Composite Exhibit “A”**, which differentiate and divide the PRECO Territorial Areas from the DEF Territorial Areas in Polk, Hardee, Highlands, and Osceola counties. The portions of the counties which are not subject to this agreement are marked on the maps as “Not Part Of This Agreement.” Additionally, as required pursuant to Rule 25-6.0440(1)(a), F.A.C., a written description of the territorial areas served is attached as **Exhibit “B”**. If there are any discrepancies between Composite Exhibit “A” and Exhibit “B”, then the territorial boundary maps in Composite Exhibit “A” shall prevail.

Section 1.2: PRECO Territorial Area. As used herein, the term “PRECO Territorial Area” shall mean the geographic areas in Polk, Hardee, Highlands, and Osceola counties allocated to PRECO as its retail service territory and labeled as “PRECO” on the maps contained in Composite Exhibit “A.”

Section 1.3: DEF Territorial Area. As used herein, the term “DEF Territorial Area” shall mean the geographic areas in Polk, Hardee, Highlands, and Osceola counties allocated to DEF as its retail service territory and labeled as “DEF” on the maps contained in Composite Exhibit “A.”

Section 1.4: Transmission Line. As used herein, the term “Transmission Line” shall mean any electric line of either party having a rating of 69kV or greater.

Section 1.5: Distribution Line. As used herein, the term “Distribution Line” shall mean any electric line of either party having a rating of up to, but not including 69 kV.

Section 1.6: Person. As used herein, the term “Person” shall have the same inclusive meaning given to it in Section 1.01(3), Florida Statutes.

Section 1.7: New Customer. As used herein, the term “New Customer” shall mean any person that applies to either PRECO or DEF for retail electric services after the Effective Date of this Agreement at a Point of Use in the Territorial Area of either Party.

Section 1.8: Existing Customer. As used herein, the term “Existing Customer” shall mean any person receiving retail electric service from either PRECO or DEF on the Effective Date of this Agreement.

Section 1.9: Special Industrial Customers. As used herein, the term “Special Industrial Customers” shall mean phosphate mining customers in PRECO’s service territory.

Section 1.10: Extra-Territorial Customers. As used herein, the term “Extra Territorial Customers shall mean any person receiving retail electric service from either PRECO or DEF on the Effective Date of this Agreement who are located in the Territorial Area of the other Party established by this Agreement.

Section 1.11: Temporary Service Customers. As used herein, the term “Temporary Service Customers” shall mean any person being served under the temporary service provisions of the Agreement in Section 2.3.

Section 1.12: Point of Use. As used herein, the term “Point of Use” shall mean the location within the Territorial Area of a Party where a customer’s end-use facilities consume electricity, wherein such Party shall be entitled to provide retail service under this Agreement, irrespective of where the customer’s point of delivery or metering is located.

Section 1.13. Commission. As used herein, the term “Commission” shall mean the Florida Public Service Commission.

Section 1.14: Effective Date. As used herein, the term “Effective Date” shall mean the date on which the final Order of the Commission granting approval of this Agreement in its entirety becomes no longer subject to judicial review.

ARTICLE II
AREA ALLOCATIONS AND SERVICE TO CUSTOMERS

Section 2.1: Territorial Allocations. Except as otherwise specifically provided herein, during the term of this Agreement, PRECO shall have the exclusive authority to furnish retail electric service within the PRECO Territorial Area and DEF shall have the exclusive authority to furnish retail electric service within the DEF Territorial area. The Territorial Boundary Line shall not be altered or affected by any change that may occur in the corporate limits of any municipality or county through annexation or otherwise unless such change is agreed to in writing by the Parties and approved by the Commission.

Section 2.2: Service to New Customers. The Parties agree that neither of them will knowingly serve or attempt to serve any new customer whose Point of Use is located within the Territorial Area of the other Party, except as specifically provided in Section 2.3 of this Agreement.

Section 2.3: Temporary Service. The Parties recognize that in exceptional circumstances, economic constraints or good engineering practices may indicate that a New Customer's Point of Use either cannot or should not be immediately served by the Party in whose Territorial Area, such Point of Use is located. In such instances, upon written request by the Party in whose Territorial Area the New Customer's Point of Use is located, the other Party may agree, in writing, to temporarily provide service to such New Customer. Prior to the commencement of temporary service, the Party providing such service shall inform the New Customer of the temporary nature of such service and that the other Party will ultimately serve the customer. In the event any such temporary service exceeds a period of one year, the Parties shall submit a list of said temporary services exceeding one year to the Commission for approval.

In conjunction with such discontinuance, the Party providing temporary service shall be compensated by the requesting Party in accordance with Section 3.4 for its distribution facilities used exclusively to provide such service, which the other Party may elect to acquire, but the other Party shall not be entitled to compensation for any loss of revenues for the period during which such temporary service is provided.

Subject to the exceptions for temporarily providing service provided for in the immediately preceding paragraph, in the event that a New Customer or prospective New Customer requests or applies for service from either Party to be provided to a Point of Use located in the Territorial Area of the other Party, the Party receiving such a request or application shall refer the New Customer or prospective New Customer to the other party with citation to this Agreement as approved by the Commission, and shall notify the other Party of such request or application.

Section 2.4: Correction of Inadvertent Service Errors. If any situation is discovered during the term of this Agreement in which either Party is inadvertently providing retail electric service to a customer's Point of Use located within the Territorial Area of the other Party, service to such customer will be transferred to such other Party, and service by the other Party shall be established at the earliest practical time, but in any event, within twelve (12) months of the date the inadvertent service error was discovered. Until service by the other Party can be reasonably established, the inadvertent service will be deemed to be temporary service provided and governed in accordance with Section 2.3 above.

Section 2.5: Service to Special Industrial Customer. DEF provides retail electric service to a single phosphate mining customer in PRECO's service territory. This customer has unique service requirements due to the nature of its businesses. In order to provide safe and efficient service to this customer and to avoid uneconomic duplication of service and facilities, the Parties have agreed that DEF will provide retail electric service to this Special Industrial Customer, and its successors and assigns, but only in that portion of PRECO's service territory depicted in the maps attached hereto as **Composite Exhibit "C"** as specifically provided herein. Service to the Special Industrial Customer shall be limited to the electric requirements directly associated with the mining operations of this customer at present locations and expansions of present locations in that portion of PRECO's Territorial Area depicted in Composite Exhibit "C." Except as otherwise specifically provided for in this Agreement, PRECO will continue to provide retail electric service to all other customers in its service territory, and DEF's limited right to serve the Special Industrial Customer shall not affect PRECO's right to serve such other customers. Further, once the Special Industrial Customer currently operating in PRECO's service

territory completes its mining operations, all rights to serve Special Industrial Customers in PRECO's Territorial Area will revert back to PRECO. Consistent with the provisions of Sections 3.3 and 3.4 of this Agreement, any substations owned by DEF within PRECO's service territory that are used exclusively to serve the Special Industrial Customer may be sold by DEF to PRECO for the replacement cost of such facilities, less depreciation, once the Special Industrial Customer currently operating in PRECO's service territory completes its mining operations.

ARTICLE III **TRANSFER OF CUSTOMERS AND FACILITIES**

Section 3.1: In General. In order to achieve the operational efficiencies and other benefits contemplated by this Agreement, except as provided in Section 2.5, all Extra-Territorial Customers of either Party shall be served by the Party in whose Territorial Area they are located in at the earliest practical time, consistent with sound utility practices and reasonable customer notice. Accordingly, no later than thirty-six (36) months after the Effective Date of this Agreement, except as provided in Section 2.5 all Extra-Territorial Customers located in the PRECO Territorial Area who are served by DEF on the Effective Date shall be transferred to and thereafter served by PRECO, and all Extra-Territorial Customers located in the DEF Territorial Area who are served by PRECO on the Effective Date of this Agreement shall be transferred to and thereafter served by DEF.

In accordance with Rule 25-6.0440(1)(d), F.A.C., the affected Extra-Territorial Customers subject to transfer have been sent written notification of this Agreement and the transfer provisions described above. Sample copies of the letters providing such notification are attached as **Exhibit F**.

In the event that circumstances arise during the term of this Agreement in which the Parties agree that, based on sound economic considerations or good engineering practices, an area located in the Territorial Area of one Party would be better served if reallocated to the service territory of the other Party, the Parties shall jointly petition the Commission for approval of a modification of the Territorial Boundary Line that places the area in question (the

“Reallocated Area”) within the Territorial Area of the other Party and transfer of the customers located in the Reallocated Area to the other Party.

Section 3.2: Transfer of Extra-Territorial Customers. The Extra-Territorial Customers currently served by PRECO and subject to transfer to DEF pursuant to this Agreement are listed by the service address and/or other identifying factor, in **Exhibit D**, hereto. The Extra-Territorial Customers currently served by DEF and subject to transfer to PRECO pursuant to this Agreement are listed by the service address and/or other identifying factor, in **Exhibit E**, hereto.

Section 3.3: Transfer of Related Service Facilities. In conjunction with the transfer of Extra-Territorial Customers pursuant to Sections 3.1 and 3.2 above, the receiving Party may elect to purchase the electric distribution facilities of the transferring Party used exclusively for providing electric service to the transferred customers for an amount to be determined in accordance with Section 3.4 below.

Section 3.4: Compensation for Transferred Facilities. Should the receiving Party elect to purchase the electric distribution facilities of the transferring Party used exclusively for providing electric service, the receiving Party shall compensate the transferring Party in an amount based upon the replacement cost (new), less depreciation calculated on a straight line basis over the life of the asset (facility) as determined from the transferring Party’s books and records. The replacement cost shall be determined by applying a cost calculator such as the Handy Whitman index or a common engineering cost estimation methodology to the original cost, as long as both Parties apply the same estimation method.

Section 3.5: Transfer Segment Closings. The Parties acknowledge that it may be more efficient to accomplish a particular transfer in segments or phases. The Parties shall mutually agree on a closing date for each transfer segment, allowing sufficient time for the Parties to identify the customers and facilities to be transferred; to determine the compensation for transferred customers and facilities; and to prepare the appropriate closing statements, assignments, and other instruments to transfer and convey the transferring Party’s interest in the electric distribution facilities to the receiving Party pursuant to Section 3.3 above. At the closing, the receiving Party shall pay the transferring Party the compensation due it, and the transferring

Party shall execute and deliver to the receiving Party the assignments and other instruments referred to above.

Section 3.6: Transfer Instruments. For each transfer made under this Agreement, the transferring Party will make, execute, and deliver to the receiving Party a conveyance, deed or other instrument of transfer, as is appropriate, in order to convey all rights, titles and interests of the transferring Party in any facilities, rights-of-way, easements, road permits, or other rights to the receiving Party.

Section 3.7: Time of Payment. All payments from the receiving Party to the transferring Party determined in accordance with this section shall be made in cash within 60 days of the presentation of an invoice from the transferring Party.

ARTICLE IV **OPERATION AND MAINTENANCE**

Section 4.1: Facilities to Remain. Except as expressly provided herein, a generating plant, transmission line, substation, distribution line or related facility now or hereafter constructed or used by either party in conjunction with its electric utility system, which is directly or indirectly used and useful in service to its customers by either of the Parties, shall be allowed to remain where situated and shall not be subject to removal or transfer hereunder; provided, however, that each party shall operate and maintain all such plants, lines, substations or facilities in such a manner as to minimize any interference with the operations of the other party.

Section 4.2: PRECO Facilities to be served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of PRECO to serve any facility of PRECO located in the DEF Territorial Area; provided, however, that PRECO shall construct, operate, and maintain its lines and facilities in such a manner as to minimize any interference with the operations of DEF in the DEF Territorial area.

Section 4.3: DEF Facilities to be served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of DEF to serve any facility of DEF located in the PRECO Territorial Area; provided, however, that DEF shall construct, operate and maintain its lines and facilities in such a manner as to minimize any interference with operations of PRECO in the PRECO Territorial Area.

ARTICLE V **PREREQUISITE APPROVAL**

Section 5.1: Commission Approval. The provisions and the Parties' performance of this Agreement are subject to the regulatory authority of the Commission, and appropriate approval by that body of the provisions of this Agreement shall be an absolute prerequisite to the validity, enforceability, and applicability hereof. This Agreement shall have no effect whatsoever until that approval has been obtained, and the date of the Commission's Order, if any, granting initial Commission Approval of this Agreement shall be deemed to be the Effective Date of this Agreement. Any proposed modification to this Agreement shall be submitted to the Commission for approval. In addition, the Parties agree to jointly petition the Commission to resolve any dispute concerning the provisions of this Agreement or the Parties' performance of this Agreement.

Section 5.2: No Liability in the Event of Disapproval. In the event approval of this Agreement pursuant to Section 5.1 hereof is not obtained, neither Party will have any cause of action against the other arising under this document or on account of such nonattainment of approval.

Section 5.3: Supersedes Prior Agreements. Upon approval by the Commission, this Agreement shall be deemed to specifically supersede any and all prior agreements between the Parties regarding their respective retail service areas in Polk, Hardee, Highlands, and Osceola counties.

ARTICLE VI **DURATION**

Section 6.1: This Agreement shall become effective upon approval by the Commission and shall continue in effect until termination, or until supplemented and amended by mutual written agreement of the parties and approval by the Commission, but in no event for a period exceeding thirty (30) years from the date of the Commission's initial Order approving this Agreement. Thereafter, the Agreement may automatically be extended for succeeding periods of five (5) years except that this Agreement may be terminated by either Party after expiration of the thirty (30) year term period or succeeding five (5) year period upon one (1) year's written notice to the other Party.

ARTICLE VII **CONSTRUCTION OF AGREEMENT**

Section 7.1: Intent and Interpretation. It is hereby declared to be the purpose and intent of the Parties that this Agreement shall be interpreted and construed, among other things, to further this State's policy of approving territorial agreements between and among rural electric cooperatives, municipal electric utilities, and other electric utilities under its jurisdiction; to further the State's policy of actively regulating and supervising the service territories of electric utilities; and supervising the planning, development, and maintenance of a coordinated electric power grid throughout Florida; and avoiding uneconomic duplication of transmission and distribution facilities.

Section 7.2: Other Electric Utilities. Nothing in this Agreement shall restrict or affect in any manner the right of either Party to establish its retail service area with respect to the retail service territory of any other electric utility not a party to this Agreement. The Parties understand that PRECO or DEF may, from time to time and subject to Commission approval, enter into territorial agreements with other electric utilities that have adjacent or overlapping service areas and that, in such event, nothing herein shall be construed to prevent PRECO or DEF from designating any portion of its Territorial Area under this Agreement as the service area of such other electric utility.

Section 7.3: Bulk Power for Resale. Nothing herein shall be construed to prevent either party from providing bulk power supply for resale purposes as defined in the Final Judgment dated August 19, 1971 in the *United States of America v. Florida Power Corporation and the Tampa Electric Company*, United States District Court for the Middle District of Florida, Case No. 68-297-Civ-T (“the Final Judgment”), regardless of where the purchaser for resale may be located. Further, no other section or provision of this Agreement shall be construed as applying to a bulk power supply for resale purposes as defined in the Final Judgment.

ARTICLE VIII **MISCELLANEOUS**

Section 8.1: Negotiations. Regardless of any other terms or conditions that may have been discussed during the negotiations leading up to the execution of this Agreement, the only terms or conditions agreed upon by the parties are those set forth herein, and no alteration, modification, enlargement or supplement to this Agreement shall be binding upon either of the Parties hereto unless the same shall be in writing, attached hereto, signed by both of the parties and approved by the Commission in accordance with Article V, Section 5.1 hereof.

Section 8.2: Successors and Assigns; for Benefit Only of Parties. This Agreement shall be binding upon the Parties hereto and their respective successors and assigns. Nothing in this Agreement, express or implied, is intended, or shall be construed, to confer upon or give to any person other than the Parties hereto, or their respective successors or assigns, any right, remedy, or claim under or by reason of this Agreement, or any provision or condition hereof; and all provisions, representations, covenants, and conditions herein contained shall inure to the sole benefit of the Parties of their respective successors or assigns.

Section 8.3: Notices. Notices and other written communications contemplated by this Agreement shall be deemed to have been given if sent by certified mail, postage prepaid, by prepaid private courier with confirmed receipt, or by confirmed facsimile transmittal, as follows:

To Peace River Electric Cooperative, Inc.:

Randall W. Shaw, General Manager/CEO
Peace River Electric Cooperative, Inc.
P.O. Box 1310
Wauchula, Florida 33873
Fax: 855-278-7403

To Duke Energy Florida:

Dear [REDACTED]:

To ensure that electric utilities in Florida, such as Peace River Electric Cooperative (PRECO), are able to provide reliable and economical electric service to their customers, utilities enter into agreements with one another establishing the geographical areas in which each utility is the exclusive provider of electric service. Utilities enter into these territorial agreements in an effort to avoid the unnecessary duplication of electrical distribution lines and other facilities to serve their customers.

To efficiently serve the customers in your area, we will soon enter into a territorial agreement with Duke Energy Florida (DEF) that will revise some of the electric service area boundaries between the utilities. The new territorial agreement must be approved by the Florida Public Service Commission (FPSC) before it can become effective. You will have the opportunity prior to that approval to provide your comments to the FPSC. If you wish, we will provide the contact information for the FPSC when the territorial agreement has been filed and docketed. The filing date for the new territorial agreement with the FPSC will be on August 31, 2018.

If approved by the FPSC, DEF will become your electric service provider and your electric account would be transferred to DEF. You will not need to do anything to initiate this transfer as PRECO and DEF will handle all the arrangements on your behalf. If you have a deposit with PRECO, your deposit will be applied to your last electric bill and any surplus will be refunded directly to you. You should only experience a minor, temporary disruption of service during the day of transfer and you will be notified in the unlikely event that the transfer of your account would need to be rescheduled.

To provide you with the most current rate comparison, as of July 2018, the average residential rate for PRECO for 1,000 kWh was \$128.78 and the average commercial non-demand rate for 1,500 kWh was \$207.63. For the same month, the average residential rate for DEF for 1,000 kWh was \$124.16 and the average commercial non-demand rate for DEF for 1,500 kWh was \$189.41. The rates of both utilities are subject to periodic change and may be raised or lowered in the future.

While we at PRECO regret losing the opportunity to serve you and your neighbors in the future, DEF is an excellent utility and we are confident you will find their service to be satisfactory.

Please contact PRECO if you have any questions or concerns about the proposed transfer of your service to DEF, or if you would like information about contacting the FPSC. You can reach us by phone at 863-767-4860 or via email at precoduketransfers@preco.coop.

Sincerely,

Peace River Electric Cooperative, Inc.

You should only experience a minor, temporary disruption of service during the day of transfer and you will be notified in the unlikely event that the transfer of your account would need to be rescheduled.

To provide you with the most current rate comparison, as of July 2018, the average industrial rate for DEF for General Service Demand - 30,000 kWh per month with 100kW demand and 41% LF would be \$3,176.59. For the same month, for PRECO, the average industrial rate for General Service Demand - 30,000 kWh per month with 100kW demand and 41% LF would be \$3,137.59. The rates of both utilities are subject to periodic change and may be raised or lowered in the future.

While we at DEF regret losing the opportunity to serve you and your neighbors in the future, PRECO is an excellent utility and we are confident you will find their service to be satisfactory.

Please contact Duke Energy if you have any questions or concerns about the proposed transfer of your service to PRECO, or if you would like information about contacting the FPSC. You can reach us by phone at 1-888-442-0014 or via email at DukePRECOTransfers@duke-energy.com.

Sincerely,

Duke Energy Florida
