**Subject:** Docket No. 20180146

Good afternoon Johana –

To follow up on our conversation, DEF employees, including those whose input is necessary to respond to Staff's first data request in the above-referenced docket, have been and continue to be actively engaged in responding to Hurricane Michael (and were also engaged in assisting with Duke Energy's response to Hurricane Florence which impacted the Carolinas). For that reason, we would request an extension in responding to these data requests. Due to the nature of the response, I cannot give a firm date when employees will return to "normal" work, but I will keep staff apprised of our efforts and we will provide responses as soon as we are able.

Thanks you very much for your understanding. Matt

Matt Bernier
