Re: Petition of Jumper Creek Utility Company for Limited Alternative Rate Increase pursuant to Rule No. 25-30.457, Florida Administrative Code

Dear Commission Clerk,

LP Waterworks, Inc. (LP Waterworks or Utility) hereby submits its application for a Limited Alternative Rate Increase pursuant to Rule No. 25-30.457, Florida Administrative Code (F.A.C.) in Highlands County.

**In support of its petition thereof, LP Waterworks states the following:**

Pursuant to Rule 25-30.457, F.A.C., as an alternative to a rate case, a Class C utility may petition the Commission for a limited alternative rate increase of up to 20 percent of service revenues. This rule was designed to streamline the rate increase process for qualifying small water or wastewater companies, by establishing an abbreviated procedure for a limited rate increase that is less time consuming and thus less costly for the utilities, customers, and Commission staff. This rule is similar to the rules governing price index and pass-through increases, in that an engineering or financial audit of the utility's books and records is not required.

The rule was adopted by the Commission on March 15, 2005. The Commission has previously approved such petitions twice in the following Orders:

<u>Order No.</u>	<u>Issued</u>	<u>Utility</u>
PSC-06-0822-PAA-WU	October 6, 2006	Pinecrest Ranches, Inc.
PSC-06-0444-PAA-WU	May 22, 2006	Brendenwood Water System, Inc.

**Rule 25-30.457, F.A.C.**

LP Waterworks provides the following criteria for consideration:

- 1) Utility is eligible for staff assistance,
- 2) Utility's books and records are organized consistent with Rule 25-30.110, F.A. C.,
- 3) Utility has on file with the Commission its Annual Reports,
- 4) Utility has paid all applicable regulatory assessment fees,

- 5) Utility has at least one year of experience in operations. The utility was purchased on December 27, 2012.
- 6) Utility has provided additional relevant information contained below within the body of its petition.
- 7) Utility's last rate case was approved in Order No. PSC-2017-0334-PAA-WS, issued August 23, 2017 (SARC Order),
- 8) Said SARC Order established the Utility's rate base, capital structure, annual operating expenses and revenues and was issued with the 7-year period prior to petition.

### **Petitioner's Schedules**

Attached hereto are the following required schedules:

- (a) Annualized revenues by customer class and meter size for the most recent 12-month period using the rates in effect at the time the utility files its petition. The most recent 12-month period used is October 2017 through September 2018.
- (b) Current and proposed rates for all classes of customers utilizing 20 percent of the annualized water service revenue.
- (c) Additional informational schedule showing most recent 12-month Operating Expenses.

### **Petitioner's Statements**

LP Waterworks through the undersigned representative hereby states that the figures and calculations upon which the change in rates is based are accurate.

LP Waterworks further states that the change in rates will not cause the Utility to exceed its last authorized rate of return on equity of 9.27 percent, with a range of 8.27 percent to 10.27 percent as established by Order No PSC-2017-0334-PAA-WS, issued August 23, 2017.

### **Filing Fee**

The total filing fee in the amount of \$1,500 is also attached to this LARI petition pursuant to Rule 25-30.30.020(2)(f), Florida Administrative Code.
