Dear Public Service Commission PSC,

We are not responsible for the hurricane. Most people had insurance of some kind. If not, FEMA, and other agencies/organizations were and are still helping. Raising our rates MAKES NO SENSE! You get bought out, gave us a little decrease, and now increase beyond even being heard of. As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.
