Dear Public Service Commission PSC,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

Every Gulf Power customer should not have to shoulder the burden of others, when it does not effect that consumer.

Sincerely,

Mr. Michael Quesenberry
