Dear Public Service Commission PSC,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

Just to let know that if you increase my bill from what it is now I will not be to pay it like I do now as I am on a fixed income now since I lost my husband back in 2016 as his money paid all of the utilities whereas I have to pay all of them. So please reconsider not raising my power bill more than In am paying now.

Sincerely,

Ms. Theresa Barker
