Dear Public Service Commission PSC,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

DON'T FORGET THE RETIRED FOLKS THAT ARE ON A FIXED INCOME!!

All my annuity raises barely cover the increased cost of medicine, I don't need the added burden of a higher electric bill!

Thanks,
Charles (Jake) Jacobsen
