Re: Petition for approval of a small meter opt-out tariff, by Tampa Electric Company;
FPSC Docket No. 20190024-EI

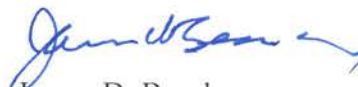

TRANSMITTAL OF CONFIDENTIAL INFORMATION

Dear Mr. Teitzman:

Enclosed for filing in the above docket is a replacement Bates stamp page 26 which is Tampa Electric's response to Staff's First Data Request, Request No. 15, together with a confidential printout of Labor Rates with the confidential information on both pages highlighted in yellow. We ask that you substitute these two pages in place of the confidential CD and Bates stamp page 26 that were filed on a confidential basis with your office on February 8, 2019, and that the CD and previously filed confidential Bates stamp page 26 be returned to this writer. The effect of this filing is to reduce the scope of confidentiality requested on February 8, 2019. The justification set forth in the February 8, 2019 Request for Confidential Classification and Motion for Temporary Protective Order still apply with respect to the enclosed revised Bates stamp page 26 and Labor Rate spreadsheet as they relate to the total hourly rate for the I/T Developer (Contractor) only and not to the total hourly rate for Tampa Electric employees.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley
