Dear Public Service Commission PSC,,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

I am on a fixed income of less than \$ 900. A month, I can not survive if power bill gets any higher

Sincerely,

Ms. Valerie Cox
