Florida Public Service Commission

First Data Request

Answer to questions

1) Number of customers receiving services 255

2) Number of customers discontinued 29

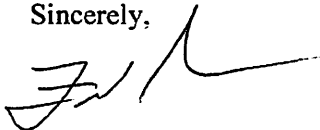

3) Number of customers billed standby charge:

December, 2018	51
January, 2019	46
February, 2019	47

4) Time frame No one has told me exactly when they will be either rebuilt or get repaired. I figure that base on some conversations I have had with some owners that there is a possibility that by the end of this year 15 to 20 may be receiving service, a lot of the destroyed houses have not even been demo yet. Most of the ones that can be repaired have not started the repairs. There is a lack of construction crews in this county which is going to slow down the work.

Please call if more information is needed,

Sincerely,

Frank J Seifert,
President
