Dear Public Service Commission PSC,,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

Has anyone asked you to pay to build their business or to pay their business expenses, so they can charge you to use their business. Get real. Stop trying to raise our rates.

Sincerely,

Mr. Tim Miller
