Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

I'm a senior on a fixed, and low, income. Every savings allows freer choice when it comes to food and healthcare. My savings won't be going to luxuries. The tax cut was supposed to benefit all Americans, not just shareholders. Do the right thing. Other utility companies have, many of them. So there are examples to follow, and even improve upon, of a better way to apply the tax cut.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Jacqueline Callaghan
