Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Apparently, all other Florida based utility companies have shared the savings with their customers except FPL. I am 66 years old and still working but costs tend to go up every year but salaries do not. I will eventually be on a fixed income and this small price reduction would mean a lot to me personally and all the other seniors who live in FL.

Please consider sharing some of your tax savings with us the consumers.
Thank you!

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.
We need lower rates, now!

Sincerely,

Ms. Patricia Bell
