Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 73, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Profit for the people not corrupt management, and the corrupt system for share holders. FP&L is a business, the profit should go into the business. My tax dollars should not be used to enrich businesses.

If a business fails without a tax cut, that is OK as another business will absorb it. That is the nature of business, not tax breaks for bigger profit.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Linda Lane
