Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I think it is unfair that Florida Power & Light is getting a massive tax cut and is only passing those savings to shareholders. Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too. FP&L had sent a customer survey out to its customers a while ago asking about how they were doing , the company's

investment in solar energy, community partnership and involvement, and any suggestions in customer satisfaction. This unknown fact had it been told to customers, would have certainly turned favorable to unfavorable in the survey results.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Lyle Shoostine
