Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that a socialistic group like AARP is running around telling any corporation what to do with its money.

Let's face the truth. It was FPL's money BEFORE the federal government took it and when tax rates were cut it just meant that FPL got to keep more of the earnings. The Florida Public Service Commission sets rates and if they think that FPL (and all other utilities) are making too much, then that group has the legal right and duty to cut the rates.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Lamar Heath
