Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

You keep telling us that we are paying lower rates than others do for their utility services. That may be marginally true in some cases, however, you have no legal right to use federal funds meant for rate reductions for the benefit of shareholders equity. I ask to be informed as to why this is allowed by FPL and what if anything will be done to correct this impropriety. Thank you in advance for your expected response.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Gerald Tanenbaum
